Description:

By now it is also a favorite tradition for us to put Halloween-carved pumpkins in the front yard or on the doorstep.
You do not have the time to do handicrafts? No problem, we have the solution!

The 7-headed pumpkin family in bright orange is a huge and dramatic object. The connected pumpkin covers vary in size and have painted smiling faces. In addition, the 5 largest pumpkins are equipped with white LEDs, so that even in the dark the scene is a real eye-catcher.
The protection class IP44 - splash-proof - allows easy installation in sheltered outdoor areas.

It is that simple:
For operation, permanently connect the pumpkins to the power supply with a 1.70 m long supply cable. Then they blow up to their full size on their own. The stable stand is ensured with additionally included ground spikes and cords.
After the season, just deflate the pumpkins and then fold them up again to save space and wait for their next appearance.

Features:

- 7 pumpkins in different sizes with smiling faces
- Figurine glowing
- Easy to assemble
- Self-inflating
- Space-saving storing
- Suitable for outdoor use IP44
