Features:

EUROLITE Black Gun UV Spot for E-40/400W

Black light housing with wide beam for E40 /400 W UV lamp

- High-quality reflector
- Enormous strong UV-beam
- Suitable for larger distances
- The device is cooled by passive convection cooling
- Control via plug and play
- With a beam angle of 60°
- Black metal grille
- For application areas such as: Stage; clubs/dancing school; theater; video and photography
- Very quiet working noise

- An indispensable means of decoration
- Very high light output
 - Countless number of application possibilities
 - Already existing a good number of years, the "black light effect" is still fascinating: white textiles and objects as well as fluorescent material brightly flash up in darkness!
 - Only to be used with ballast resistor
