

## OMNITRONIC DD-2550 USB Turntable sil

Direct drive DJ turntable with switchable phono/line output and USB interface

Art. No.: 10603061

GTIN: 4026397295016

**The article is no longer in our assortment.**

### Description:

Direct-driven record player with phono/line switch

Digitize your old vinyl treasures in a few steps with the direct-driven turntable Omnitronic DD-2520 USB.

Copying is a child's play

Thanks to the integrated USB interface and software you can record your favorite vinyls on your PC. You don't need any drivers, the player is identified automatically. A phono pre-amp is inbuilt and helps you to digitize your music without the need of additional hifi amps or DJ mixers.

Phono/line switch

You can also simply play and enjoy your records with the DD-2520. The switchable phono/line output enables you to connect the player to almost any sound system with phono or line input.

Fully-fledged DJ turntable

As the DD-2520 shows a precision drive, a rugged housing and shock-absorbing feet, it is perfectly suited to as player in your DJ set at home.

### Features:

- Built-in USB port and additional phono preamplifier, for a high-quality and convenient digitization of analog vinyl records
- Driver installation not required, unit is identified automatically
- Sampling rates of 44.1 kHz and 48 kHz in stereo, resolution: 16 bits
- Incl. software for recording and editing
- Precision direct drive

### Logistic

EAN / GTIN: 4026397295016

Weight: 12,40 kg

Length: 0.53 m

Width: 0.41 m

Height: 0.20 m

- Delivery includes pick-up system
- 2 speeds, pitch control  $\pm 10\%$
- Large start/stop button
- Strobe lamp for exact speed adjustment
- Target lamp
- Delivery includes removable dustcover
- Adjustable anti-skating
- Shock-absorbing feet
- Switchable output phono/line
- USB 1.1 support
- Suitable for Windows XP, Vista, 7 and Mac OS X
- Pitch range:  $\pm 10\%$
- The device can be connected via USB to the PC

## Technical specifications:
