

INTUSONIC NSA52 5-source Media Player with DAB+

19" media player with DAB+ & FM tuner, jingles, MP3 player, wireless audio and IR remote control

Art. No.: 12604193

GTIN: 4026397758146

Description:

The INTUWORX NSA52 is a versatile audio source unit, combining a USB-based MP3 player with an FM Tuner, a DAB+ tuner, a wireless audio receiver and a jingle player - all packed in a sleek 19"/1U case and operated via a clear and intuitive user interface built around a 124x64 pixel graphics display, with an included IR remote for enhanced comfort.

The MP3 player is configurable, offering different sequence and repeat modes, and the display of either tag content or file name. The LINKOUSTIC 5.0 wireless audio link connects flawlessly with compatible devices, and the DAB+ receiver offers the pristine sound of digital radio. The FM tuner offers RDS readout and a 10-station direct access keyboard allows to store the favourite FM and DAB+ stations.

Unlike non-professional hi-fi players, the NSA52 sports balanced outputs as well as unbalanced outputs, and a rear-side volume control to adapt to the following signal chain.

The built-in jingle player with up to 4 jingles can play on demand or by schedule, and the 4 jingles can also be invoked by the external closure of the provided rear-panel contacts.

Features:

- Jingle Player mixes 4 short audio sequences with the music on demand or by schedule
- FM radio and interference-free DAB+ reception
- 10 station presets for easy access of radio stations
- USB 2.0 port for USB storage media
- Folder navigation, repeat functions and random play
- Supports ID3 tags
- Control via IR remote control; LINKOUSTIC 4.2 Wireless Audio Link
- Bluetooth: operating range up to 10m in buildings
