

## RELACART UH-222D Microphone 522-554 MHz

Hand-held microphone with PLL multifrequency transmitter

Art. No.: 13055181

GTIN: 4026397735192

**List price: 141.61 €**

incl. 19% VAT.

### Features:

- Dynamic hand-held microphone with UHF pilot tone technology (PLL)
- Ergonomic aluminum alloy housing, applicable for touring
- Easy and error-free synchronization between receiver and transmitter via infrared signal
- RF output power Hi/Low adjustable
- Gain level Hi/Mid/Low adjustable
- Capsule M-022
- Directly compatible with Shure's SM58 capsule
- Polar pattern: Super cardioid
- Powered by a battery/battery pack
- Operating range up to 80m
- Up to 12 transmitters can be operated in parallel without interference
- OLED display
- Charge status indicator

### Logistic

EAN / GTIN: 4026397735192

Weight: 0,41 kg

Length: 0.29 m

Width: 0.12 m

Height: 0.07 m

### Technical specifications:

|                  |                                |
|------------------|--------------------------------|
| Type:            | Hand-held transmitter          |
| Power supply:    | 3V DC                          |
| Capsule type:    | Dynamic                        |
| Polar pattern:   | Super cardioid                 |
| Battery:         | 2 x Mignon (AA) (not included) |
| Frequency range: | 120 - 16000 Hz                 |

|                      |                                                                                  |
|----------------------|----------------------------------------------------------------------------------|
| Sensitivity:         | -53 dB                                                                           |
| Max. SPL:            | 145 dB                                                                           |
| Range:               | Range up to 80m                                                                  |
| Frequency band:      | UHF 522 - 554 MHz                                                                |
| Switching bandwidth: | 32 MHz                                                                           |
| Parallel mode:       | Max. 12 transmitter                                                              |
| RF power output:     | 10 mW (LO); 30 mV (HI)                                                           |
| Modulation:          | FM                                                                               |
| Frequency selection: | 151 switchable frequencies<br>In 10 groups with up to 18 preset frequencies each |
| Display type:        | OLED display                                                                     |
| Display reading:     | Charge status indicator , frequency , group , channel; Mute                      |
| Control elements:    | Gain-switch (high-mid-low), transmitter power switch (high-low)                  |
| Switch:              | On/off/mute switch                                                               |
| Material:            | Aluminum                                                                         |
| Dimensions:          | Length: 26 cm<br>Diameter: Ø 5.4 cm                                              |
| Weight:              | 0.28 kg                                                                          |

### Scope of delivery:

1 x microphone  
1 x user manual  
1 x declaration of conformity
