

OMNITRONIC UHF-400 BP Transmitter 804MHz

Optional pocket transmitter for UHF-400

Art. No.: 13055485

GTIN: 4026397220063

Features:

- For transmitting the microphone signals to the receiver with the same carrier frequency
- Operation in the low-interference UHF band
- For 2 mignon batteries (type AA)
- Battery capacity LED display
- On/off operation selector
- Incl. headset microphone (mini XLR socket)
- License-free and approved in Germany

Logistic

EAN / GTIN: 4026397220063

Weight: 0,24 kg

Length: 0.17 m

Width: 0.14 m

Heigh: 0.05 m

Technical specifications:

|                      |                                                 |
|----------------------|-------------------------------------------------|
| Frequency band:      | UHF                                             |
| Carrier frequency:   | 804 MHz                                         |
| Dimensions:          | Width: 6.5 cm<br>Depth: 3 cm<br>Height: 13.5 cm |
| Antenna:             | Rubber                                          |
| Carrier frequency:   | UHF 804.750 MHz                                 |
| Modulation:          | FM                                              |
| Frequency stability: | ±0,005 %                                        |
| T.H.D.:              | <1 % at 1 kHz                                   |

|                         |                              |
|-------------------------|------------------------------|
| Tone signal:            | 32.768 kHz                   |
| AF response:            | 50-15000 Hz (±3 dB)          |
| Maximum deviation:      | ±48000 Hz                    |
| RF power output:        | 10 mW max.                   |
| Power supply:           | 2 mignon batteries (type AA) |
| Current consumption:    | approx. 65 mA, ±5 mA         |
| Battery life:           | approx. 12 hours             |
| Dimensions (L x W x H): | 135 x 65 x 30 mm             |
| Weight:                 | 90 g                         |

**Scope of delivery:**
