

## OMNITRONIC WS-1T 2.4GHz Transmitter

Digital audio transmission system 2.4 GHz, with USB

Art. No.: 13072210

GTIN: 4026397512045

**The article is no longer in our assortment.**

### Features:

- Digital transmitter for wireless transmission of stereo audio signals with 2.4 GHz
- Transmit music via radio from your PC or MP3 player anywhere in your home with outstanding audio quality
- Connects USB devices (PC, smartphone, tablet PC) or audio devices with line level (e.g. CD player)
- Digital transmission in the 2.4 GHz range provides for high resistance to interference and unique sound quality (16 bits/48 kHz)
- Stereo audio input: mini USB 2.0 port or RCA L/R
- Selectable source of signal (USB or line input)
- Push button for pairing with the receiver
- Detachable rod antenna
- Operation via included power adapter or USB port
- Rugged, compact metal housing
- Incl. USB cable
- 2.4 GHz - license-free worldwide
- Control via Wi-Fi
- Operating range up to 50m in the open air
- Operating range up to 30m in buildings
- 2.4 GHz license-free worldwide
- Sample rate: 48 kHz
- The device can be connected via USB to the PC

### Logistic

EAN / GTIN: 4026397512045

Weight: 0,28 kg

Length: 0.23 m

Width: 0.16 m

Height: 0.04 m

**Technical specifications:**

|                      |                                                                                                                                  |
