

EUROLITE LED Theatre 36x3W CW/WW

LED spot with barn doors and 36 x 3 W LED (cold white/warm white)

Art. No.: 41602000

GTIN: 4026397429145

Features:

- Impressive light output
- 17 preset color temperatures
- Strobe effect 0-20 Hz
- Electronic dimmer (0-100%)
- High-quality housing for high stability
- Mains input and output for power linking up to 8 units
- 36 LEDs 3 W high-power CW/WW
- Can be operated in 5 CH mode
- The device is cooled by cooling fan
- Control via DMX; master/slave function
- With a beam angle of 20°
- LCD display
- Very quiet working noise
- For application areas such as: Theater; mobile use; Trade fair and shop fitting

Weight: 6,10 kg  
Length: 0.34 m  
Width: 0.24 m  
Heigh: 0.39 m

Technical specifications:

|                    |                                                                                                        |
|--------------------|--------------------------------------------------------------------------------------------------------|
| Power supply:      | 230 V AC, 50 Hz                                                                                        |
| Power consumption: | 130 W                                                                                                  |
| Protection class:  | Protection class I                                                                                     |
| Power connection:  | Mains input via IEC connector (M) mounting<br>version power supply cord with safety plug<br>(provided) |

|                         |                                                                                                |
|-------------------------|------------------------------------------------------------------------------------------------|
| Power output:           | 1 x IEC connector (F) mounting version                                                         |
| Lamp type:              | LED lamp                                                                                       |
| LED type:               | 36 x 3 W high-power CW/WW                                                                      |
| DMX channels:           | 5                                                                                              |
| DMX input:              | 1 x 3-pin XLR (M) mounting version                                                             |
| DMX output:             | 1 x 3-pin XLR (F) mounting version                                                             |
| Cooling:                | Cooling fan                                                                                    |
| Control:                | DMX; master/slave function                                                                     |
| Fixtures available for: | Light J; LED PC-Control 512; Light Captain                                                     |
| Beam angle:             | 20°                                                                                            |
| Beam angle (1/2 peak):  | 20°                                                                                            |
| Housing color:          | Black                                                                                          |
| Display type:           | LCD display                                                                                    |
| Dimensions:             | Length: 34 cm<br>Width: 18 cm<br>Height: 30.5 cm                                               |
| Weight:                 | 5.60 kg                                                                                        |
| Noise classification:   | Class 1 (very slight noise, suitable for noise-sensitive environments); class 2 (slight noise) |

## Scope of delivery:

1 x spotlight  
 1 x user manual  
 1 x power cord  
 1 x filter frame
