

EUROLITE LED PK-3 USB TCL Spot

Small spot with 6 LEDs, sound-controlled RGB color change and IR remote

Art. No.: 42110211

GTIN: 4026397669060

Description:

Mobile, colorful & quiet

Simply brilliant: With its six bright LEDs, the small PK-3 spot paints your party room in vibrant colors, either fully automatically or to the rhythm of the music.

With the supplied IR remote control you can select one of 3 preset show programs as well as the basic colors red, green and blue plus 7 great mixed colors. Brightness, running speed and microphone sensitivity can be easily adjusted as well.

The device is ready to use, works without a fan and thanks to modern LED technology, it is also particularly energy-saving. But there is more! You can hook up your powerbank to the USB port and take the PK-3 with you and set it up wherever you want. And of course, the device is delivered ready for connection and with a practical carrying handle - all you have to do is unpack and switch it on!

Features:

- Lightweight plastic housing
 - Can also be powered via USB power banks
 - 6 LEDs high-power 3in1 RGB (homogenous color mix)
 - Direct color selection for 10 preset colors
 - Control via stand-alone; sound to light via microphone; IR remote control
 - With mounting bracket
 - For application areas such as: Party room; decoration
 - Silent operation
 - Application possibility: Suspended; on stand
- light effect**
