

EUROLITE MD-1015 Rotary Motor 3x1W LEDs 6400K

Motor for mirror balls up to 30 cm with 1.5 RPM

Art. No.: 50301092

GTIN: 4026397543117

The article is no longer in our assortment.

Description:

This solid mirror ball motor by Eurolite reflects beautiful light effects on ceilings and walls; without any external lighting! This motor, type MD-1015, has been designed for mirror balls up to 3 kg and is simply screwed to the ceiling or attached to a truss using the optional mounting equipment.

Not only does it steadily rotate the ball with 1.5 rotations per minute but it also illuminates it from above with 3 white LEDs. The reflecting light then covers the room in an infinite sea of moving light dots. Of course, the MD-1015 is delivered ready to use with a power cord, and thanks to the modern LED technology, it is also particularly energy-efficient.

Features:

- Metal housing with 3 white LEDs which illuminate the mirrorball from above
- Suitable for driving mirror balls up to a maximum weight of 3 kg
- This weight corresponds with a diameter of 30 cm for the EUROLITE mirror balls
- The maximum load always means the mirror ball weight including the mirror ball chain and the fixation material
- 1,5 rotations per minute
- Ready for connection with power plug
- For professional use, e.g. in discotheques and in public places, the EN DIN 15560 norms have to be considered
- The motor always has to be installed with a secondary safety attachment
- Before taking into operation for the first time, the installation has to be approved by an expert
- 3 LEDs 1 W high-power cold white (CW)
- Suitable for a mirror ball with a diameter of up to 30 cm

Logistic

EAN / GTIN: 4026397543117

Weight: 0,44 kg

Length: 0.12 m

Width: 0.13 m

Height: 0.07 m

Technical specifications:

Power supply:	230 V AC, 50 Hz
Power consumption:	8 W
Protection class:	Protection class I
Power connection:	Fixed power supply cord with safety plug
Lamp type:	LED lamp
LED type:	3 x 1 W high-power cold white (CW)
Speed:	1.5 RPM
Maximum load:	3 kg
Max. mirror ball diameter:	30 cm (EUROLITE)
Color temperature:	6400K
Dimensions:	Height: 5.5 cm Diameter: Ø 10.8 cm
Weight:	0.41 kg

Scope of delivery:

- 1 x motor
- 1 x user manual
