

EUROLITE LED IP Strip 150 5m red 12V

Flexible LED strip for indoor and outdoor use

Art. No.: 50530150

GTIN: 4026397426663

The article is no longer in our assortment.

Description:

With its numerous IP LED strips, Eurolite offers light on tape for outdoor use. Eurolite presents different stripes fulfilling the IP68 standard.

The flexible LED strips have a length of 5 meters. Unichrome versions - red, blue, green, yellow, cool white, warm white - are complemented by two RGB versions. The single colors can be ordered either with a wide span (150 LEDs) or with a short span (300 LEDs) between the LEDs. The RGB versions are available in 12 V or 24 operation - LED quantities are always 150. An optional LED controller controls the brightness and the speed of the RGB LEDs or provides automatic run of the built-in color programs.

Supplied on a plastic reel, the LED stripes feature a self adhesive rear side for simple installation. Color and form can be used as desired as the strips are very flexible and adaptable to really every venue.

Features:

- Flexible LED strip for decorative lighting
- Perfect for indirect lighting, custom-made versions for fair or shop applications as well as all kinds of background lighting
- For indoor and outdoor use (IP44)
- Can be cut into segments of variable size (groups of 3 LEDs)
- Self-adhesive rear side
- Supplied on a plastic reel
- Matching control units and power units optionally available
- Different versions available
