

ANTARI J-100 SONIC JET Spray Fogger

Weather-proof high-performance fog jet, produces bursts up to 15 meters high

Art. No.: 51701903

GTIN: 4710586557114

Description:

The Antari J-100 is a next-generation jet fog machine engineered to deliver unmatched power, precision and visual impact. Equipped with an IP53 rated turbo fan, it produces strong, focused and directional fog bursts that cut through large venues with impressive intensity and speed.

Designed for real-world professional use, the J-100 features an IPX3 rated, splash-resistant exterior, providing reliable performance even in challenging environments where moisture or unpredictable conditions may occur -- a key advantage for touring, outdoor events, theme parks, and concert stages.

Its rugged construction pairs with a sleek, compact design, and it comes standard with a durable hanging bracket, making installation flexible for both floor-based and rigging applications.

Whether delivering punchy atmospheric hits or powering high-energy effects, the J-100 represents fog performance at its finest -- reimagined, refined, and elevated. Experience precision. Experience power. Elevate your stage with Antari Sonic Jet.

Features:

- IP53
- Add a bonus to the party with some funky smoke
- Designed to generate enormous amounts of smoke
- Output distance: Vertical approx. 15 m
- Control via DMX; stand-alone; wireless remote control upgradeable; RDM; timer
- With mounting bracket
- LCD display
- Operates on water-based fluid
- Built with SEETRONIC connector

Logistic

EAN / GTIN: 4710586557114

Weight: 20,55 kg

Length: 0.47 m

Width: 0.47 m

Height: 0.43 m

- For application areas such as: Installation; stage; theater; rental
- Application possibility: Standing; suspended
- Can be operated in 2 CH mode

Technical specifications:

Power supply:	230 V AC, 50 Hz
Power consumption:	2400 W
IP classification:	IP53
Power connection:	Mains input via IP T-Con (M)
Warm-up time:	Approx. 8 min
Output distance:	Vertical approx. 15 m
Tank capacity:	Water-based fluid external tank
DMX channels:	2
DMX input:	1 x 5-pin XLR (M) mounting version IP
DMX output:	1 x 5-pin XLR (F) mounting version IP
Control:	DMX; stand-alone; wireless remote control upgradeable; RDM; timer
Housing color:	Black
Attachment system:	Mounting bracket
Display type:	LCD display
Controls:	Overvoltage; overheat
Use of brands:	Built with SEETRONIC connector
Dimensions:	Length: 43 cm Width: 39 cm Height: 44 cm
Weight:	18.60 kg
Noise classification:	Class 3 (clearly perceptible sounds)

Scope of delivery:

1 x device
 1 x user manual
 1 x power cord
 1 x container
 1 x tube
 1 x filter
 1 x mounting bracket
 1 x knurled screw
 2 x screw
 1 x holder
