Description:

Light needs fog to show its true colors, whether on big or on small stages. The Eurolite N-110 is the perfect companion for smaller stages. With a smoke output of about 5 meters and an output volume of 120 m³/min the N-110 is predestined for the small performances. It is controlled via a remote. The device weighs not more than 5 kg and can be placed on the ground or, due to the bar, mounted at a trussing or the like.
