

ANTARI Z-350 Fazer

Extremely efficient fazer with DMX interface

Art. No.: 51702677

GTIN: 4719850651534

List price: 546.21 €

incl. 19% VAT.

Description:

The Z-350 is stemming from years of experience in Fazer development. The adoption of the air pump technology not only enables the Z-350 to generate dry haze but also provides its heater with a self-cleaning function. The Z-350 comes with a larger tube of one diameter, which substantially reduces the risk of heater clogging.

An extremely low fluid consumption rate grants a full tank (1.3 liters) of the Z-350 to produce more than 7 hours of non-stop hazing at maximum output.

The new on-board DMX interface allows users smarter control of the Z-350: When a DMX signal is received, the machine powers up and starts heating up automatically. When the DMX signal is off, it automatically begins the self-cleaning process and then goes into Sleep mode.

The machine weighs only 8.7 kg. Being so light and compact allows the Z-350 to be transported and setup anywhere-whenver needed.

Logistic

EAN / GTIN: 4719850651534

Weight: 9,80 kg

Length: 0.42 m

Width: 0.26 m

Heigh: 0.46 m

Features:

- Extremely low fluid consumption rate grants a full tank to produce more than 7 hours of non-stop hazing at maximum output
- Produces fine, translucent haze without nebulizing the room at the same time
- Ideal for accentuating light and laser beams
- Combines the reliability of a fog machine with the extremely silent operation of a haze machine
- Fan speed and output volume variably adjustable via onboard controls
- Self-cleaning function
- When the DMX signal is off, it starts the self-cleaning process and then goes into standby mode
- Short warm-up time
- With level indication
- Operates on water-based fluid
- Can be operated in 2 CH mode
- Control via wired remote control (optional); stand-alone; DMX

- For application areas such as: Clubs/dancing school; wedding/gala/events; stage; rental
- Application possibility: Standing

Technical specifications:

Power supply:	230 V AC, 50 Hz
Power consumption:	690 W
Protection class:	Protection class I
Power connection:	Mains input via IEC connector (M) mounting version power supply cord with safety plug (provided)
Warm-up time:	Approx. 4 min
Tank capacity:	1.3 l water-based fluid fixed tank
Fluid consumption:	Approx. 3 ml/min
DMX channels:	2
DMX input:	1 x 3-pin XLR (M) mounting version
DMX output:	1 x 3-pin XLR (F) mounting version
Control:	Wired remote control (optional); stand-alone; DMX
Housing color:	Grey
Operating principle:	Vaporizing fog machine
Heater:	800 W
Color:	Grey
Dimensions:	Width: 32 cm Depth: 15 cm Height: 39 cm
Weight:	8.80 kg
Noise classification:	Class 2 (slight noise)

Scope of delivery:

1 x device
1 x user manual
1 x power cord
