- Upgrade your MADRIX RADAR fusion license on your MADRIX KEY to a higher license in order to increase the number of unlocked RDM devices/sub-devices
- MADRIX RADAR fusion large unlocks management, configuration, and monitoring of up to 4096 RDM devices/sub-devices
- This additional software license is not required when using MADRIX RDM nodes since all connected RDM devices/sub-devices are automatically unlocked for free when using MADRIX RDM nodes
- MADRIX RDM nodes process RDM data packages in a way that does not result in interference with DMX data packages during full and live operation
- MADRIX hardware interfaces manage these data streams highly efficiently and intelligently, which otherwise could lead to visual flickering or other signal interruptions
