

EUROLITE LED PAR-64 RGB floor,black 36x1W

PRO floorspot with high-power LEDs

Art. No.: 51913970

GTIN: 4026397332797

The article is no longer in our assortment.

Description:

Always keeps its feet on the ground!

We live in a meritocratic society. If one doesn't show utter dedication, establishing becomes difficult. It goes for human beings as well as for machinery. But do not despair as we can present you a representative of the latter group, which shouldn't have any problems in regard to perseverance, despite the high demand: the EUROLITE LED PAR-64 RGB Floor. Because of the high performance of its 36 1 watts LEDs, the flexible floorspot acts way over the average and definitely far from any criticism. Its brilliant way of color changing and the impressive strobe effect don't give any reason for that whatsoever. Same goes for the big mounting brackets on which the spot is placed. At the first glance they seem rather long, but there is a very special reason for it, as without these long frames, the gadget, with plugged in XLR plug, couldn't be turned upright and therefore the spot would not be able to be placed as intended to. Quite clever this PAR-64, don't you think?

Features:

- DMX512 control via regular DMX controller (occupies 5 channels)
- Sound-control via built-in microphone
- Color change speed and strobe effect adjustable via DIP switches
- Illumination angle approximately 25°
- Locking possibility at the mounting bracket
- For illuminating e.g. mirror balls, entrance or counter areas or as basic illumination
- Perfect in public places, main halls, stages, lounges
- Ready for connection with power cord and safety-plug
- Illuminants: 36 x 1 W high-power LEDs
- Advantages of high-power LED technology: extreme light output, long life, low power consumption, defacto maintenance free
- Available in alu or in black
