

EUROLITE LED H2O TCL Water Effect

Compact water effect with RGB color mixing and IR remote control

Art. No.: 51918698

GTIN: 4026397613032

Description:

This compact LED spot by Eurolite brings RGB colors in every window display, party room or trade fair! Light up the room in any color you like to impress your audience.

The H2O Water Effect is operated via the supplied remote control which is not bigger than a credit card and fits even in the smallest pocket. You can adjust e.g. the flash rate of the stroboscope and the rotation speed of the integrated effect wheel.

For a permanent installation you can simply use the pre-punched hole on the bracket of the fixture. As the spot is delivered ready to use, all you have to do is install it and switch it on - plug and power cord are included.

Once you plugged in the H2O, you can use preset programs like slowly fading colors, rapid color changes, strobe effects or constant light in a single color. These programs are available in sound-controlled mode (via the integrated microphone) or automatic mode. It is entirely up to you to make the most of your event!
