

EUROLITE LED H2O Water Effect

Compact water effect with RGB color mixing

Art. No.: 51918700

GTIN: 4026397396638

The article is no longer in our assortment.

Description:

This professional LED effect light by Eurolite brings RGB colors in every window display, party room or trade fair! Light up the room in any color you like to impress your audience.

The H2O Water Effect is operated via the DIP switches or a DMX controller. You wish to illuminate a larger area? No problem! Simply link multiple spots via the supplied connection cable to create impressive light effects.

For a permanent installation you can simply use the pre-punched hole on the bracket of the fixture. As the fixture is delivered ready to use, all you have to do is install it and switch it on - plug and power cord are included. Once you plugged in the H2O, you can use preset programs like slowly fading colors, rapid color changes, strobe effects or constant light in a single color. Brightness can be manually adjusted as well. It's entirely up to you to make the most of your event!

Features:

- Compact LED projector with rotating effect wheel
- Memory function saves last setting when switching off
- 1 LED 9 W high-power 3in1 RGB
- Color change adjustable; color fade adjustable; program speed adjustable; Dimmer electronic; color blend stepless
- Beam effect; strobe effect
- Can be operated in 5 CH mode
- The device is cooled by passive convection cooling
- Control via DMX; stand-alone; master/slave function
- With mounting bracket
- Silent operation
