Description:

You don't have much time and you still need the right Christmas decoration?

The flexible premium Christmas garland from Europalms is already decorated and can be used in many ways.

It can be laid out like a table runner in a few easy steps and gives your table decoration a festive look. As a wall, door or railing decoration, its voluminous appearance alone makes it a Christmas highlight - there are no limits to your creativity.

Care has been taken to ensure that the green of the fir garland is still clearly visible and that it is not overloaded. The artificial fir branches are of high quality and do not fall off, in contrast to their real counterparts. After Christmas, the Christmas garland can be rolled up and stored to save space.
